Campus Management and StarRez

Campus Management and StarRez have partnered to offer higher education the leading student information system and housing solution to better serve students, improve efficiency, and reduce cost. Fully integrated with CampusVue® Student, StarRez housing technology enables single sign-on access for students between your institution's portal and the StarRez housing system. This enables students to access the entire spectrum of housing applications, online room and roommate selection, electronic housing contracts, room condition reports, and maintenance work order submissions.

Complete Housing Solution

StarRez is a comprehensive student housing solution that includes online housing applications, online roommate and room self-selection, as well as core staff administrative functions such as billing, reporting, email, and mail merge. Campus Management and StarRez bring decades of experience integrating their solutions with a wide range of campus systems, including student financials, online payment processors, single sign-on portals, security access cards, and meal plans. The result is greater student satisfaction, improved staff productivity, and reduced IT cost and burden.
