### **CAMPUS MANAGEMENT FINANCIAL AID SOLUTIONS IN THE CLOUD**

Today's students seek greater flexibility in achieving their academic goals, which places greater demands on institutions to automate and accelerate financial aid workflows across a wide range of academic delivery models, from traditional terms to clock-hour programs. Campus Management offers a comprehensive suite of cloud-based solutions for automating financial aid packaging, including solutions for student verification, enrollment processing, and auto-awarding.

### **STUDENT VERIFICATION AND PROFESSIONAL JUDGMENTS**

With Campus Management's cloud-based student verification solution, you can automate workflows and improve communications to ensure timely and accurate processing. The solution keeps your students and staff on track and compliant through automatic notifications and regulatory updates. It also includes a dynamic tool for processing professional judgments when a student's circumstances or income profile changes after the FAFSA has been processed.

## AUTOMATE STUDENT VERIFICATION

- Decrease paper-intensive processes with document creation, management, and storage
- Reduce time and stress with automated workflows
- Keep students on track with automatic notifications and real-time status bar updates
